Michigan Interchange I-75 Closures

Jefferson Avenue

- Starting October 13, 2023, Bridging North America will implement intermittent lane closures on Jefferson Avenue between Green Street and Rademacher Street for equipment crossings. This closure will be in place until April 13, 2024, from 7 a.m. to 6 p.m. daily as needed. The closures will be less than five minutes in duration. Flaggers will be present to direct traffic.

I-75 Service Drive

- The existing closure on southbound and northbound I-75 Service Drives between Central Street and Green Street will remain in place until further notice.
- The existing mobile closures on the northbound I-75 Service Drive will remain closed between Clark Street and Scotten Street and also Springwells Street to Rademacher Street until spring 2024 from 6 a.m. - 6 p.m. daily as needed.
- Only one lane will close. Closures will be less than 30 minutes in duration during these timeframes for mobilization and demobilization of equipment activities.
- The existing mobile closures on the southbound I-75 Service Drive will remain closed between Clark Street and Scotten Street and also Springwells Street to Waterman Street until spring 2024 from 6 a.m. - 6 p.m. daily as needed.
- Only one lane will close. Closures will be less than 30 minutes in duration during these timeframes for mobilization and demobilization of equipment activities.
- Northbound and southbound I-75 Service Drive will close over a long-term period between Green Street and Waterman Street. Combined with pre-existing Service Drive closures in the area will make the entire northbound and southbound Service Drive closed from Springwells Street to Clark Street.
- The left lane of southbound I-75 Service Drive will remain closed between Witt Street and Govin Street until further notice.

The following road closures are in place:

- Waterman Street between northbound and southbound I-75 Service Drive
- Dragoon Street between Fort Street and the southbound I-75 Service Drive
- Green Street between Fort Street and the southbound I-75 Service Drive

Long Term I-75 Closures

As construction of the Michigan Interchange and the US Port of Entry (POE) continues, Bridging North America will extend the temporary closures along Livernois Avenue. Additionally, Cavalry Street and Military Street will remain closed over a long-term period. As a reminder, in July 2020, several streets closed over a long-term period including sections of Dragoon Street, Driggs Street, Harvey Street, Reeder Street and Hussar Street.

Junction Street

- Junction Street bridge between the northbound and southbound I-75 Service Drives will close over a long-term period.

Springwells Court

- Springwells Court northbound and southbound is closed west of the Lafarge entrance to east of the Springwells Court detour from May 15, 2021 until November 23, 2024.

Cavalry Street

- Cavalry Street will remain closed between the northbound I-75 Service Drive and Fort Street.

Military Street

- Military Street will remain closed between the northbound I-75 Service Drive and Fort Street.

Post Street

- Post Street remains closed over a long-term period between CSX Railroad and the Delray Mechanical entrance.

Campbell Street

- The existing long-term closure on Campbell Street between West Jefferson Avenue and Fort Street will remain in place until winter 2024.

Gordie Howe International Bridge

Construction Activities - United States

Week of March 18, 2024

Construction Activities

US Port of Entry (POE)

- Construction activities remain ongoing for interior and exterior components of the buildings and structures.
- This week, activities include the installation of metal tiles, air conditioning units, snow melt piping and systems, metal composite material (MCM) panels and plumbing.

US Bridge site

- Cap construction continued at anchor pier.
- Installation of main span segment panels continued.
- Stay cable installation work continues.
- Approach and back span activities are ongoing.
- The US bridge tower has reached its full height of 220 metres/722 feet. The jump form system has been completely removed.
- Crews have removed the falsework bents that worked to support the back span of the road deck. Now, crews continue to stress the stay cables.

Michigan Interchange

- Construction continues as noted in the Michigan Interchange I-75 Closures above.
- Siphon work continues in various areas.
