

Coordinator, Geographic Information System Position at WDBA

Company Profile

Windsor-Detroit Bridge Authority (WDBA) offers a unique opportunity to make a lasting contribution to the largest bi-national infrastructure project in North America today – the Gordie Howe International Bridge. Join our Canadian Crown corporation in fulfilling our mandate to build and operate this new international bridge at the busiest commercial land border crossing between Canada and the US.

The Gordie Howe International Bridge project is a once-in-a-generation undertaking. Worth \$6.4 billion (CDN), the project includes the delivery of four major components: the longest cable-stayed bridge in North America, the largest Canadian and US Ports of Entry (POE) along the Canada-US border, and a new interchange creating a direct connection into the Michigan Interstate system.

About this Opportunity

At WDBA, we value our people and their contributions in an environment of trust, support and dedication. As a member of the Capital Delivery team, reporting to the Manager, Environmental, the Coordinator, GIS will be responsible for fulfilling a range of responsibilities that support the development and maintenance of geospatial data, tabular data and associated information products and applications. The duties will mainly focus on the planning, organization, control, integration and execution of construction and regulatory compliance requirements as part of the delivery of the Gordie Howe International Bridge Project.

Position Requirements

- Bachelor's degree in Geomatics, Environmental Science, Environmental Studies (or equivalent)
- 1-5 year of relevant experience
- Experience with computer mapping, ArcGIS, GPS and Survey123
- Experience with environmental hazard mapping or similar experience is considered an asset
- Experience with construction oversight during various phases of a large infrastructure project is considered an asset
- Strong communication (oral & written)
- Strong ability to build and maintain positive relationships
- Ability to collect, input, interpret and summarize data high attention to detail
- Ability to organize and prioritize work
- Sound professional judgement, initiative and the ability to work well under pressure and manage multiple priorities to meet deadlines
- Ability to work independently and collaboratively with a team
- Knowledge of environmental regulations applicable to works in Ontario, Canadian Federal lands, and Michigan
- Intermediate knowledge of MS Office
- Intermediate knowledge of ArcGIS and ESRI software
- Knowledge of OHSA and MIOSHA an asset
- Ability to obtain a [Government of Canada Personnel Screening/Security Clearance](#)
- Ability to travel within Ontario and Michigan
- Hours of work may include evenings and weekends
