Week of October 14, 2024

Michigan Interchange I-75 Closures

Livernois Avenue - **NEW**

- The existing closure on Livernois Avenue between Norfolk Southern Railroad tracks and Fort Street will remain in place until fall 2024.
- The existing right lane closure on Livernois Avenue between northbound and southbound I-75 will remain in place until winter 2024. Only one lane on Livernois Avenue will close. Livernois Avenue will remain open to traffic in both directions.
- Starting October 14, 2024, Bridging North America will implement intermittent right lane closures on southbound Livernois Avenue between the northbound I-75 Service Drive and Fort Street for sidewalk reconstruction. This closure will be in place until October 25, 2024, from 7 a.m. to 5 p.m. daily as needed.

Jefferson Avenue

- The existing intermittent lane closures on Jefferson Avenue between Green Street and Rademacher Street will remain in place until fall 2024, 7 a.m. to 6 p.m. daily as needed. Flaggers will be present to direct traffic.
- The right lane on eastbound and westbound Jefferson Avenue will close between West End Street and Springwells Court from October 2 – December 20, 2024.
 - One lane on eastbound and westbound Jefferson Avenue will remain open in each direction.

Campbell Street

- Campbell Street will remain closed between Fort Street and northbound I-75 Service Drive from April 29, 2024 until late spring 2024. Access to businesses will be maintained at all times.
- Starting October 7, 2024, Bridging North America will implement intermittent right lane closures on northbound and southbound Campbell Street between Jefferson Avenue and Driggs Street for irrigation system work. This closure will be in place until October 21, 2024, from 7 a.m. to 5 p.m. daily as needed.

Springwells Court - **NEW**

- Starting October 16, 2024, Bridging North America will implement intermittent closures on the Springwells Court detour at the intersection of Springwells Court for bridge deck construction. This closure will be in place until October 30, 2024, from 7 a.m. to 6 p.m. daily as needed. Flaggers will be present to direct traffic.

Week of October 14, 2024

Michigan Interchange I-75 Closures

Junction Street

- Starting August 5, 2024, Bridging North America will temporarily close Junction Street between Fort Street and northbound I-75 Service Drive for Junction Street Pedestrian Bridge work. This closure will be in place until December 20, 2024.
 - When Junction Street is closed, drivers will use Campbell Street to access the alley (north of Fort Street between Campbell Street and Junction Street). This will be the primary access point for residents who live on the west side of Junction Street during this work.
 - BNA will be onsite and will coordinate local access as needed to Junction Street during construction work hours from 6 a.m. to 6 p.m.
 - During work hours, residents can park on Fort Street near the corner of Junction Street or on Junction Street, south of Fort Street (near CHASS).
 - Campbell Street and Junction Street will not close at the same time to ensure access is maintained. Traffic updates will be provided as work moves forward. Emergency Services will be kept informed of all access changes in the area.
 - Pedestrian access will be available around Junction Street through Fort Street, Campbell Street, Morrell Street and the northbound I-75 Service Drive.
 - The Junction Street closure will not impact trash pick-up, mail delivery or access to homes.
- Detour routes are in place and include the following:
- Junction Street Detour
 - Local traffic on Fort Street heading to Junction Street northbound will be detoured to Campbell Street northbound, east on northbound I-75 Service Drive to Junction Street.
 - Local residents north of Fort Street between Campbell Street and Morrell Street can access Fort Street through Campbell Street the alleyways, northbound I-75 Service Drive, and Morrell Street by following the detour signs.

Week of October 14, 2024

Long Term I-75 Closures

As construction of the Michigan Interchange and the US Port of Entry (POE) continues, Bridging North America will extend the temporary closures along Livernois Avenue. Additionally, Cavalry Street and Military Street will remain closed over a long-term period. As a reminder, in July 2020, several streets closed over a long-term period including sections of Dragoon Street, Driggs Street, Harvey Street, Reeder Street and Hussar Street.

Junction Street

- Junction Street bridge between the northbound and southbound I-75 Service Drives will close over a long-term period.

Springwells Court

- Springwells Court northbound and southbound is closed west of the Lafarge entrance to east of the Springwells Court detour from May 15, 2021 until November 23, 2024.

Cavalry Street

- Cavalry Street will remain closed between the northbound I-75 Service Drive and Fort Street.

Military Street

- Military Street will remain closed between the northbound I-75 Service Drive and Fort Street.

Post Street

- Post Street remains closed over a long-term period between CSX Railroad and the Delray Mechanical entrance.
- On March 25, 2024, Post Street will close over a long-term period between Jefferson Avenue and South Street. Access will be maintained for Delray Mechanical from Jefferson Avenue.

Campbell Street

- The existing long-term closure on Campbell Street between West Jefferson Avenue and Fort Street will remain in place until spring 2024.

I-75 Northbound

- The Livernois exit-ramp at Northbound I-75 will close over a long-term period.

Construction Activities - United States

Week of October 14, 2024

Construction Activities

US Port of Entry (POE)

- Construction activities remain ongoing for interior and exterior components of the buildings and structures.
- This week, activities include drywall, piping and cabling installation, as well as electrical and plumbing work. Crews also installed glass at the Main Building and air conditioning units and humidifiers in various buildings.

US Bridge site

- The two sides of the bridge deck are now connected over the Detroit River.
- All stay cables have been installed. Post tensioning of the stay cables is currently underway.
- Approach and back span activities are ongoing.
- The US bridge tower has reached its full height of 220 metres/722 feet.
- Work on electrical systems, drainage system and fire suppression system is underway.

Michigan Interchange

- Construction continues as noted in the Michigan Interchange I-75 Closures above.
- This week, activities include asphalt paving, siphon work, and landscaping work along service drives.
