FORT STREET ROAD IMPROVEMENT STAGES AND TIMELINES

Fort Street is being resurfaced from Green Street to Junction Street as part of the project’s local road improvements. This includes repaving of the road as well as reconstruction of curbs, sidewalks and bike lanes. This work is being undertaken in a phased approach which requires lane closures. Work along this section of Fort Street is anticipated to be complete by spring 2025.

Activities are taking place are as follows:

- Work between Green Street and Livernois Avenue is nearing completion with landscaping activities taking place.
- Bike lanes and curb installations are currently underway between Green Street and Junction Avenue. Lane closures are in place to accommodate this work.

Fort Street local road improvement work.
