

PONT INTERNATIONAL
Gordie Howe
INTERNATIONAL BRIDGE

Good afternoon,

Here are a few things we wanted you to know about:

Gordie Howe International Bridge Team Completes Delray Home Improvement Program

The Gordie Howe International Bridge project team is pleased to announce the successful completion of the Delray Home Improvement Program. Through the \$4 million (CDN) program funded by the Community Benefits Plan, repairs were delivered to 106 residences in Southwest Detroit at no cost to the homeowners.

“Resident engagement is a cornerstone of the project’s Community Benefits Plan, and the inclusion of the Delray Home Improvement Program reflects this commitment. We are proud of the initiative’s results, which are helping to increase safety, efficiency and comfort for homeowners at no cost to them.” - Charl van Niekerk, CEO Windsor-Detroit Bridge Authority

Read more about the program and the repairs in this [news release](#) and [spotlight story](#).

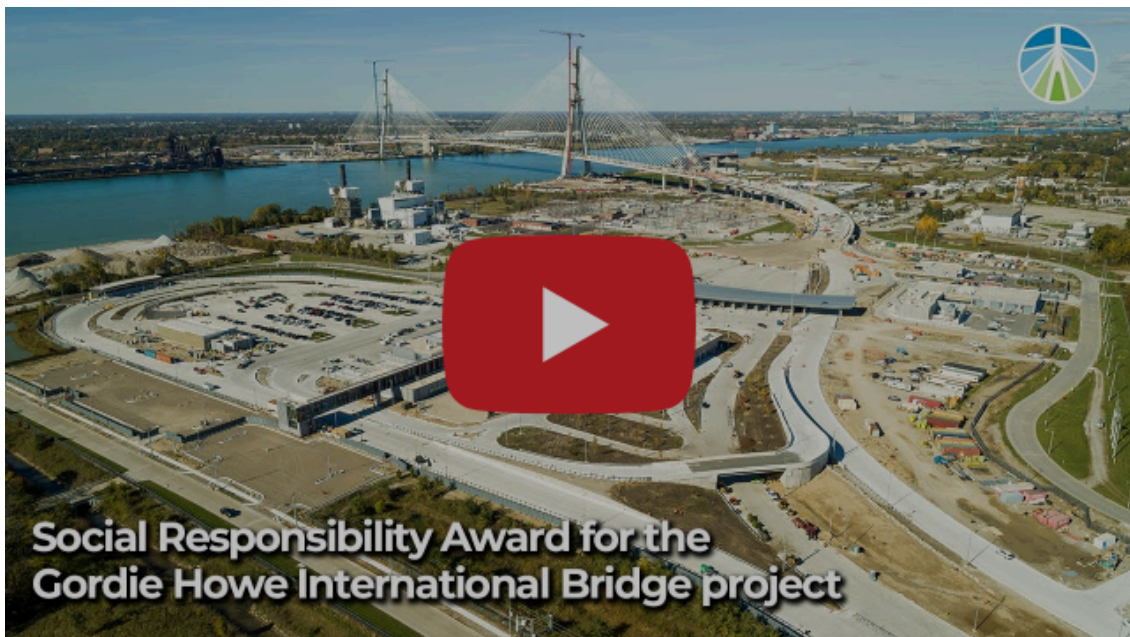

The Canadian Port of Entry Experience

The Gordie Howe International Bridge will open this fall. Have you wondered about what your experience will be like travelling through the Canadian Port of Entry? Learn more about the tolling area, secondary inspection for passenger and commercial vehicles and the processing centre for pedestrians and cyclists.

Social Responsibility Award

The Gordie Howe International Bridge project team is proud to receive this year's International Bridge, Tunnel and Turnpike's Association's (IBTTA) Social Responsibility Award. Watch this new video to see how we are delivering impactful activities and demonstrating a commitment to economic growth in the Windsor-Detroit region.

Sandwich Street Reconstruction

You may have noticed that Sandwich Street has reopened to traffic. Thank you to the residents and businesses in the Sandwich community for your patience as we completed the reconstruction and enhancements on the street as highlighted in this video. Minor sidewalk and landscaping details will be completed in the spring.

Bridge Site Gallery and Flyover Footage

We've posted a new [gallery](#) of the bridge site on the project website. Installation of cable stay finishings, electrical, drainage and fire suppression systems are all underway, as well as multi-use path and means restrictive fencing work. Check out the new photos and flyover footage below.
