

# PONT INTERNATIONAL **Gordie Howe** INTERNATIONAL BRIDGE

Good afternoon,

Here are a few things we wanted you to know about:

## Bridge Site Gallery and Flyover

A new **photo gallery** and drone video from the Gordie Howe International Bridge site is available. Take a behind-the-scenes look at the installation of dynamic lane changing signs, lighting, flags and more.

## Community Benefits Plan Helps Launch New Cultural Pier in Sandwich

A new publicly accessible community pier in Sandwich Town will soon extend over the Detroit River thanks in part to Community Benefits Plan funding from the Gordie Howe International Bridge project. A public opening is expected in September 2025.

Residents will use the pier to continue the Sandwich Town tradition of recreational fishing, which remains an important practice for community. **Learn more** on our website.

### Canadian Port of Entry Gallery and Flyover

A new **photo gallery** and drone video of the Canadian Port of Entry is available. Updates to the 130-acre site include advanced landscaping, signage, fencing, pavement markings, parking spots and light poles.

Watch the video below and travel from the perimeter access road, across the bridge.

### Jefferson Barrier Wall Reaches Completion in Detroit

Jefferson Barrier Wall construction in Detroit is complete. The barrier wall is a non-climbable,

opaque security structure standing eight feet/2.5 metres tall. It faces West Jefferson Avenue and borders the US Port of Entry, including the multi-use path designed for both pedestrians and cyclists, spanning between Green Street and Campbell Street.

What sets the wall apart is its community-informed design, which pays tribute to the star-shaped structure of Historic Fort Wayne. **Learn more** on our website.
