Construction Activities - United States

Week of September 15, 2025

Long Term I-75 Closures

As construction of the Michigan Interchange and the US Port of Entry (POE) continues, Bridging North America will extend the temporary closures along Livernois Avenue. Additionally, Cavalry Street and Military Street will remain closed over a long-term period. As a reminder, in July 2020, several streets closed over a long-term period including sections of Dagoon Street, Driggs Street, Harvey Street, Reeder Street and Hussar Street.

Junction Street

- Junction Street bridge between the northbound and southbound I-75 Service Drives will close over a long-term period.

Springwells Court

- The existing closure on northbound and southbound Springwells Court will remain closed west of the Lafarge entrance to the east of the Springwells Court detour until late spring 2025.

Cavalry Street

- Cavalry Street will remain closed between the northbound I-75 Service Drive and Fort Street.

Military Street

- Military Street will remain closed between the northbound I-75 Service Drive and Fort Street.

Post Street

- Post Street remains closed over a long-term period between CSX Railroad and the Delray Mechanical entrance.
- On March 25, 2024, Post Street will close over a long-term period between Jefferson Avenue and South Street. Access will be maintained for Delray Mechanical from Jefferson Avenue.

I-75 Northbound

- The Livernois exit-ramp at Northbound I-75 will close over a long-term period.

Gordie Howe International Bridge

Construction Activities - United States

Week of September 15, 2025

Construction Activities

US Port of Entry (POE)

- Construction activities remain ongoing for interior and exterior components of the buildings and structures.
- This month, crews continue to work on landscaping while furniture is moved into various buildings.

US Bridge site

- The two sides of the bridge deck are now connected over the Detroit River.
- All stay cables have been installed.
- Approach and back span activities are ongoing.
- The US bridge tower has reached its full height of 220 metres/722 feet.
- Ongoing activities include the installation of fencing, signage, lighting and systems such as fire suppression and drainage.

Michigan Interchange

- Construction continues as noted in the Michigan Interchange I-75 Closures above.
- This month, the focus is on paving, sidewalks and bicycle lanes.
