

PONT INTERNATIONAL **Gordie Howe** INTERNATIONAL BRIDGE

Good afternoon,

Here are a few things we wanted you to know about:

Opening Day

The project team is progressing well toward construction completion this year with opening of the Gordie Howe International Bridge as soon as early 2026.

The exact opening date will depend on our ongoing quality reviews, testing and commissioning. As is standard practice on large complex projects, we are currently focused on commissioning and testing to ensure we identify as many potential issues as possible for us to resolve before the opening of the bridge. We are also providing all border agencies and our operating teams sufficient time to be ready to operate this new and modern land border crossing between the US and Canada.

New Photo Galleries and Flyover Footage

Take a look. Our new **photo galleries** highlight the Canadian Port of Entry and the Michigan Interchange.

At the Canadian Port of Entry, landscaping is underway and crews are working on finishing touches. On the Michigan Interchange, signage installation and line painting is underway and all five pedestrian bridges are nearing completion.

Watch new flyover footage below.
